INDEPENDENT AUDITOR'S REPORT

To The Members of Securitrans India Private Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Securitrans India Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Change in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as 'standalone Ind AS financial statements').

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income) and cash flows in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at March 31, 2024, its profit (financial performance including other comprehensive income) and its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2A. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purpose of our audit, except for the matters stated in the paragraph 2 (B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 and that the daily back-up has not been maintained for one accounting software used for preparing billing information (which forms part of the 'books of account and other relevant books and papers in electronic mode') on servers physically located in India.
 - (c) The Balance Sheet, Statement of Profit and Loss, Statement of Change in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and;
 - (e) On the basis of written representations received from the directors as on April 1, 2024, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act;
 - (f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B (viii) below on reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014.
 - (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure 2' to this report;

2B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its standalone financial statements - Refer Note 29 to the standalone financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. The management has represented that, to the best of its knowledge and belief, as disclosed in Note-35 of the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- v. The management has represented that, to the best of its knowledge and belief, as disclosed in the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- vi. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- vii. The interim dividend declared and paid by the Company during the year and until the date of this audit report is in compliance accordance with Section 123 of the Act. As stated in Note 36 to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.
- viii. Based on our examination which included test checks, except for instances mentioned below, the Company has used accounting softwares for maintaining its books of accounts, which along with an access management tool, as applicable, have a feature of recording audit trail (edit log) facility except that audit trail was not enabled for accounting software which is used for preparing billing information and audit trail was not enabled for certain fields till 27th April 2023 at application level for accounting software which is used for maintaining general ledger. Further, for the period where audit trail (edit log) facility was enabled and operated, we did not come across any instance of audit trail feature being tampered with during the course of our audit.

2C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act: In our opinion and according to the information and explanations given to us, the remuneration payable by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration payable to any director is not in excess of the limit laid down under Section 197 of the Act, except in the case of a whole time director where requisite approvals are taken in the general meeting. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure 1 referred to in paragraph 1 under Report on Other Legal and Regulatory Requirements of our report of even date

Re: Securitrans India Private Limited (the 'Company')

- (i) (a) The company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All Fixed assets have not been verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed.
- (c) There are no immovable properties, included in property, plant and equipment and accordingly the requirements under clause 3(i)(c)(d)(e) of the Order are not applicable.
- (ii) The Company does not have any inventory and accordingly the requirements under clause 3(ii) of the Order are not applicable.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of section 185 and 186 of the Act are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits from the public within the meaning of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable to the Company and hence not commented upon.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Act for the products / services of the Company.
- (vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues were outstanding at the year end for a period of more than six months from the date they became payable. The provisions relating to excise duty are not applicable to the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount demanded (Rs. in millions)	Amount paid under protest (Rs. in millions)	Period to which the amount relates	Forum where dispute is pending
Secive Tax Act, 2013	Service Tax	193.38	-	FY 2016-17	Assessing Officer

- (viii) There are no transactions which are not recorded in the books of account but have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961),
- (ix) (a) In our opinion and according to the information and explanation given by the management, the Company has not defaulted in repayment of loans or borrowings to a financial institution or bank or government, The Company did not have any Outstanding debentures during the year.
- (b) The company is not a declared wilful defaulter by any bank or financial institution or other lender;
- (c) No term loans were applied for the purpose for which the loans were obtained; if not, the amount of loan so diverted and the purpose for which it is used may be reported;
- (d) There are no instances where funds were raised on short term basis have been utilised for long term purposes,
- (e) The company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures
- (f) The company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies,
- (x) The Company has not raised any money by way of initial public offer / further public offer / debt instruments or any term loans during the year.
- (xi) (a) We have been informed by the management of following frauds on the Company:
- Two Instances of Cash Embezzlements done by employees of the Company wherein the total amount involved was INR 86.00 Million. The Company has terminated the services of the concerned employees. Further, the Company has filed complaints with the Police and has also filled insurance claims for the recovery of amounts involved. Till date, approximately INR 12.09 Million recovery has been made against the alleged amounts and INR 2.5 Million being doubtful, have been written off during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) No whistle-blower complaints were received during the year by the company;
- (xii) In our opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
- (xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and the details have been disclosed in the notes to the financial statements as required by the applicable accounting standards.
- (xiv) The company has an internal audit system commensurate with the size and nature of its business and he reports of the Internal Auditors for the period under audit were considered by the statutory auditor before forming our opinion on the statements.

- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of the Act.
- (xvii) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, the provisions of clause 3(xvii) (b),(c),(d) of the Order are not applicable to the Company and hence not commented upon.
- (xvii) The company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, we are of the opinion that no material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- (xx) In our opinion and according to the information and explanations given to us, amount remaining unspent under sub-section (5) of section 135 of the Companies Act, pursuant to ongoing project, has been transferred to special amount within thirty days from the end of the financial year in compliance with the provision of sub-section (6) of section 135 of the Act.
- (xxi) There are no qualifications or adverse remarks by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the consolidated financial statements,

Annexure 2 referred to in paragraph 2 (f) under Report on Other Legal and Regulatory Requirements of our report of even date

We have audited the internal financial controls over financial reporting of Securitrans India Private Limited (the 'Company') as of March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the 'Act').

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing as specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

1. Corporate Information:

Securitrans India Private Limited (the 'Company') is domiciled in India and was incorporated under the provisions of the Companies Act, 1956. The Company is a subsidiary of CMS Info Systems Limited (the "Holding Company" or "Parent Company").

The Company is engaged in the business of providing cash management services such as ATM replenishment, ATM First Line Maintenance, Cash delivery and pick up, Bullion movement, dedicated cash vans to Banks and managed services. The registered office of the Company is located at B2, Naraina community centre , C Block , Naraina Vihar , New Delhi - 110028.

The financial statements were authorised for issue in accordance with a resolution of the directors on May 15, 2024.

2. Summary of significant accounting policies:

a) Basis of Preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended under the provisions of the Companies Act, 2013 (the 'Act') and subsequent amendments thereof. The financial statements have been prepared under the historical cost basis except for the following items, which are measured on an alternative basis on each reporting date.

Item Basis	Measurement
Non derivative financial instruments at FVTPL	Fair value
Liabilities for equity settled share based payments arrangements	Fair value
Net defined benefit (asset) / liability	Fair value of plan assets less the present value of the defined benefit obligation, limited as explained in note 2 (k)

The financial statements are presented in Indian Rupees ('INR' or '₹') in million, which is also the Company's functional and presentation currency. The financial statements are prepared on a accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the standalone financial statements.

b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle or expected to be realised within twelve months after the reporting period
- Held primarily for the purpose of trading
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

Securitrans India Private Limited

Notes to financial statements *(Continued)*

for the year ended March 31, 2024

(₹ in million)

All other assets are classified as non-current.

A liability is current when it is:

- Expected to be settled in normal operating cycle and is due to be settled within twelve months after the reporting period
- Held primarily for the purpose of trading

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified period of twelve months as its operating cycle.

c) **Property, plant and equipment**

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the asset to its working condition for its intended use. While deriving cost, refundable taxes and discounts are excluded. Capital work in progress is stated at cost less accumulated impairment.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit or Loss as incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The cost property, plant and equipment as at 1 April 2017, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as on the date of transition to Ind AS.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

The Company provides depreciation on property, plant and equipment using the straight line method at the rates computed based on the estimated useful lives of the assets as estimated by the management which are equal to the corresponding rates prescribed in Schedule II to the Act for all property, plant and equipment except for Vehicles (used for ATM and Cash Management business) and plant and machinery.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

The Company has estimated the following lives to provide depreciation:

Category	Useful lives (in years)
Furniture, fixtures and fittings	7*
Vehicles (used for ATM and Cash Management business)	7*
Cash vaults	5
Office Equipment (including electric installations)	5
Computers, servers and peripherals	3 to 6

*The Company, based on technical assessment made by technical expert and the management's estimate of useful lives, depreciates certain items of plant and equipment and vehicles (used for ATM and Cash Management business) over the estimated useful lives which are different from the useful lives prescribed in Schedule II to the Act. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Leasehold improvements are depreciated on a straight line basis over the shorter of the estimated useful life of the asset or the lease term, which does not exceed 7 years.

The residual values, useful lives and method of depreciation and amortisation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets recognised in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets and internally generated intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period and adjusted prospectively, if appropriate.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates and the cost of the asset can be measured reliably.

Intangible assets are amortised on straight line basis over the estimated useful life as follows:

Category	Useful lives (in years)
Computer Software	3-6
Non-compete fees	7
Customer contracts (purchased)	3

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Impairment of non- financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, wherever applicable, a long term growth rate is calculated and applied to projected future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

f) Leases

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of April 1, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company elected to use the transition practical expedient to not reassess whether a contract is or contains a lease at April 1, 2019. The Company applies a single recognition and measurement approach for all leases and hence the Company has not considered recognition exemptions for any of its leases. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The lease liabilities were discounted using the incremental borrowing rate (same as company average borrowing rate) of the Company as at April 1, 2019. The weighted average discount rate used for recognition of lease liabilities was 8.5%.

Leases previously accounted for as operating leases

The Company recognized right-of-use assets and lease liabilities for all leases previously classified as operating leases. The right-of-use assets for most leases were recognized based on the carrying amount as if the standard had always been applied, apart from the use of incremental borrowing rate at the date of initial application. Lease liabilities were recognized based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

The Company also applied the available practical expedients wherein it:

- Used a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relied on its assessment of whether leases are onerous immediately before the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

ii) Lease Liability

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company does not apply the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option) and low-value assets recognition exemption.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

g) Revenue recognition

Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur. The company recognises revenue when it transfers control over goods or services to a customer.

The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

The specific recognition criteria described below must also be met before revenue is recognized.

Sale of goods:

Effective April 1, 2018, the Company has applied Ind AS115: Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue. The impact of the adoption of the standard on the financial statements of the Company is not significant.

The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

Sale of services:

Revenue from ATM and cash management services, card personalization services and allied operations is recognised when the required services are rendered in accordance with the contracts / agreements entered into with the customer and is disclosed net off deductions for shortages, etc. charged by the customers as per the terms of the agreement.

Revenue from annual maintenance contracts is recognised, over the period of the maintenance contract.

Revenue recognized, in excess of billing is classified as unbilled revenue; while billing in excess of revenue is classified as unearned revenue.

Recognition of Dividend income, Interest income or expense:

For all debt instruments measured either at amortised cost, interest income or expenses is recorded using the effective interest rate ('EIR'). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the Statement of Profit and Loss.

Dividend income is recognized in Statement of Profit and Loss on the date on which the Company's right to receive payment is established.

Securitrans India Private Limited

Notes to financial statements (*Continued*)

for the year ended March 31, 2024

(₹ in million)

h) Foreign currencies

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates, at the date the transaction first qualifies for recognition.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

i) Employee benefits

a) Short - Term Employee Benefits

Short- term employee benefits are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short – term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Defined Benefit Obligation

Short- term employee benefits are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short – term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Provident fund and employees state insurance is a defined contribution scheme. The Company has no obligation other than the contribution payable to the provident fund and ESIC.

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation done as per projected unit credit method, carried out by an independent actuary at the end of the year. The Company makes contributions to a fund administered and managed by an insurance company to fund the gratuity liability. Under this scheme, the obligation to pay gratuity remains with the Company, although insurance company administers the scheme.

Net interest is calculated by applying the discount rate determined by reference to market yields at the end of the reporting period on government bonds. The rate is applied on net defined benefit liability / (asset) as determined at the start of the annual reporting period, taking into account any changes in the net defined liability / (asset) during the period as a result of contributions and benefit paid. The Company recognises the following changes in the net defined benefit obligation as an expense in the Standalone Statement of Profit and Loss - Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income.

Remeasurements comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Standalone Statement of Profit and Loss in subsequent periods.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

j) Income taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Deferred tax relating to items not recognised in the Statement of Profit & Loss is recognised either in OCI or in equity (where the item on which deferred tax is arising is recognised). Deferred tax on differences arising in business combination is recognised in Goodwill.

k) Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

l) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement, if any.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

m) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

n) Cash and cash equivalents

Cash and cash equivalent in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts and cash credits as they are considered an integral part of the Company's cash management.

o) Fair value measurement

The Company measures financial instruments, such as, investment in mutual funds unit at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as impairment testing of goodwill, non-current assets and fair value of employee stock options schemes. Involvement of external valuers is decided upon annually by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

p) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However, trade receivable without a significant financing component is initially measured at a transaction price.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A debt instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) the Company has transferred substantially all the risks and rewards of the asset, or
 - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit or Loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to the Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Securitrans India Private Limited

Notes to financial statements *(Continued)*

for the year ended March 31, 2024

(₹ in million)

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets which are not fair valued through profit or loss and equity instruments recognised in OCI. Loss allowance for trade receivables and insurance claims is measured at an amount equal to lifetime ECL at each reporting date, right from its initial recognition. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed.

q) Rounding of amount

Amount disclosed in the financial statements and notes have been rounded off to the nearest million as per the requirement of Schedule III, unless otherwise stated.

3. Significant accounting judgments, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Significant judgement:

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Securitrans India Private Limited

Notes to financial statements (Continued)

for the year ended March 31, 2024

(₹ in million)

Leases

The application of Ind AS 116 requires the company to make judgements and estimates that affect the measurement of right-of-use assets and liabilities. The company determines the lease term as the non-cancellable period of a lease, with both periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In assessing whether the company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The company has adopted the average borrowing rate as its incremental borrowing rate (IBR).

Estimates

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes:

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. Future salary increases are based on expected future inflation rates. The mortality rate is based on publicly available mortality tables for the country. Those mortality tables tend to change only at interval in response to demographic changes. Refer note 25 for sensitivity analysis in relation to this estimate.

Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets.

Claims receivable

It represents the claims made the Company from Insurance companies and others on account of cash loss due to theft or loot etc. at the time of replenishment of cash in ATM's and cash deposits and pickups.

The Company has recognised the claims in books, when the amount thereof can be measured reliably and ultimate collection is reasonably certain. The claims receivable balances are reviewed annually by the management and necessary doubtful provision percentage is calculated on the basis of Company's historical experiences and recoverability of amount from Insurance companies and others.

(₹ in million)

Recent pronouncement:

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Amendment Rules 2023, as issued from time to time. On March 31, 2023, MCA amended the Companies (Ind AS) Rules 2015 by issuing the Companies (Ind AS) Amendments Rules 2023, applicable from April 1, 2023, as below:

Ind AS 1- Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose of financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS -12 Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS -8 Accounting Policies, Change in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

Note 25 : Employee Benefit Expenses**Defined contribution plan**

During the year ended March 31, 2024 and year ended March 31, 2023 the Company contributed the following amounts to defined contribution plans:

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Provident fund and Employees Family Pension Scheme	41.12	40.50
Employees' State Insurance Corporation	13.50	13.56
Total	54.62	54.07

Defined benefit plan

As per The Payment of Gratuity Act, 1972, the Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets gratuity on departure at 15 days' salary (last drawn salary) for each completed year of service. The Company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the Company carries out a actuarial valuation based on the latest employee data from the certified actuary valuer.

The following table's summaries the components of benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the balance sheet for the gratuity plan of the Company.

Statement of Profit and Loss- Net employee benefits expense (recognised in employee cost)

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Current service cost	8.69	9.17
Net interest cost	4.81	4.67
Expenses recognised in the Statement of Profit and Loss	13.50	13.83

Net employee benefits expense (recognised in Other comprehensive income)

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Actuarial losses / (gains)		
- change in demographic assumptions	-	(4.95)
- change in financial assumptions	2.14	(3.01)
- experience variance (i.e. actual experience vs assumptions)	3.00	3.50
Return on planned assets, excluding amount recognised in net interest expense	(0.19)	-
Components of defined benefit cost recognised in other comprehensive income	4.94	(4.47)

Balance Sheet**Changes in present value of obligation**

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Present value of obligation at the beginning	69.41	68.18
Current service cost	8.69	9.17
Interest expense	5.18	4.67
Re-measurement (gain) / loss arising from		
- change in demographic assumptions	-	(4.95)
- change in financial assumptions	2.14	(3.01)
- experience variance (i.e actual experience vs assumptions)	3.00	3.50
Benefits paid	(8.61)	(8.14)
Present value of obligation at the end	79.81	69.41

Securitrans India Private Limited
 Note 25 : Employee Benefit Expenses
 Defined contribution plan (Continued)

The following is the maturity profile of the Company's defined benefit obligation

Particulars	March 31, 2024	March 31, 2023
Weighted average duration (based on discounted cashflows)	9 years	9 years
Expected cash flows over the next (valued on undiscounted basis)		
	March 31, 2024	March 31, 2023
1 year	6.32	5.35
2 to 5 years	28.16	24.67
6 to 10 years	35.06	31.41
More than 10 years	109.66	101.70

Details of net benefit obligation and fair value of plan assets:

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Present value of obligation	79.81	69.41
Fair value of plan asset	(25.57)	(5.00)
Net liability	54.23	64.41

Plan assets comprise the following :

Particulars	March 31, 2024	March 31, 2023
Equity	7.57	1.01
Debt	18.00	3.99
	25.57	5.00

The principal assumptions used in determining gratuity benefit obligations for the Company's plan are shown below:

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Discount rate	7.15%	7.45%
Salary Growth rate	5.00%	5.00%
Employee Attrition rate		
Employees with service of 4 years and below	25%	25%
Employees with service of 4 years and above	5%	5%

The estimates of future salary increases, considered in actuarial valuation, takes in account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

A quantitative sensitivity analysis for the significant assumptions on defined benefit obligation is as shown below:

Particulars	For the year ended			
	March 31, 2024		March 31, 2023	
	Decrease	Increase	Decrease	Increase
Discount Rate (-/+1%) (Amount in ₹ million)	7.86	(6.77)	6.87	(5.92)
(% change compared to base due to sensitivity)	9.80%	-8.5%	9.90%	-8.5%
Salary Growth Rate (-/+1%) (Amount in ₹ million)	(6.96)	7.95	(6.10)	6.97
(% change compared to base due to sensitivity)	-8.7%	10.0%	-8.8%	10.0%
Attrition Rate (-/+ 50% of attrition rates) (Amount in ₹ million)	(2.91)	1.99	(3.03)	2.09
(% change compared to base due to sensitivity)	-3.6%	2.5%	-4.4%	3.0%
Mortality Rate (-/+ 10% of Mortality rates) (Amount in ₹ million)	(0.04)	0.04	(0.04)	0.04
(% change compared to base due to sensitivity)	0.0%	0.0%	-0.1%	0.1%

The sensitivity analysis above have been determined based on a method that extrapolates the impact on define benefit obligation as a result of reasonable changes in key assumptions occurring at the end of reporting period.

Note 26 : Leases

A. In case of assets taken on lease:

Operating lease:

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on 1 April 2019 using the modified retrospective method. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application. The Company elected to use the transition practical expedient to not reassess whether a contract is, or contains a lease at April 1, 2019. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use assets representing the right to use the underlying assets.

The following is the movement in lease liabilities during the respective years

Particulars	March 31, 2024	March 31, 2023
	₹	₹
As at April 01	15.55	23.78
Additions	-	-
Accretion of interest	1.32	2.02
Deletions	-	-
Lease Payments	(6.95)	(10.24)
Closing As at March 31 (non-current)	9.92	15.55

The contractual maturities of lease liabilities as at March 31,2024 and 31 March,2023 on an undiscounted basis:

Particulars	March 31, 2024	March 31, 2023
	₹	₹
Within one year	5.86	6.95
After one year but not more than five years	3.93	9.66
More than five years	-	0.13
Total	9.79	16.74

The following is the movement in Right-of-use assets as at March 31,2024 and March 31,2023:

Particulars	March 31, 2024	March 31, 2023
	₹	₹
As at April 01	9.23	16.46
Deletions	-	-
Depreciation for the year	(5.12)	(7.23)
Closing As at March 31	4.11	9.23

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The weighted average incremental borrowing rate applied to lease liabilities is 8.5%. The outflow on account of lease liabilities for the year ended March 31 2024 is ₹ 6.95 million and March 31, 2023 is ₹ 10.24 million.

Securitrans India Private Limited
Note 27 : Related party disclosures

CMS Info Systems Limited	-	(106.79)

c) Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. These transactions are approved by the Audit Committee of Board of Directors of the Holding Company. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. The Company has not recorded any impairment of receivables relating to amounts owed by related parties during the year ended March 31, 2024 and year ended March 31, 2023 and this assessment is undertaken in each financial year through examining the financial position of the related party and the market in which the related party operates.

Note 28 : Segment information

Since the segment information as required by IND AS 108 – Operating segments is provided in consolidated financial statements, the same is not provided in the Company's separate financial statements.

Note 29 : Contingent liabilities

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Employee litigation matter	32.09	17.57
Service Tax matter	193.38	-
Customer litigation matter	21.00	21.00

- a) These claims are filed by former employees of the Company and their representatives challenging the Company's compliance with various labour laws and for claiming damages in case of accidents suffered by them while performing duties for the Company. These matters are pending with various Labour Authorities and in relation to some of these cases, the Company is insured against the liability it may have to incur in relation to some of these matters. Based on the opinion from the respective lawyers and also the past trend in respect of such cases, the Company believes that it will receive favorable orders from Labour Authorities and hence there shall be no obligation requiring the Company to settle these claims by outflow of resources. Hence, the Company has not made any provision against such liability and has disclosed this as a contingent liability.

Note 30 : Trade Payable

Details of dues to Micro and Small Enterprises as per Micro, Small and Medium Enterprises development act , 2006

The Company has ₹ 5.43 million (March 31,2023- ₹ 4.60 million) dues outstanding to the micro and small enterprises as defined in Micro, Small and Medium Enterprise Development Act, 2006. The information regarding Micro, Small and Medium Enterprises has been determined to the extent such parties have been identified on the basis of information available with the Company. This has been relied upon by the auditors

Trade payables ageing Schedule

Particulars	Unbilled Dues	Trade payables which are not due	Outstanding for the following periods from the due dates of payments as at 31st March 2024				Total
			Less than 1 year	1-2 Years	2-3 Years	More than 3 Years	
MSME	-	-	2.71	(0.14)	0.11	2.77	5.45
Others	85.53	2.51	9.21	16.46	10.65	19.84	144.20
Disputed - MSME	-	-	-	-	-	-	-

Disputed - MSME	-	-	-	-	-	-	-
Disputed - Others	-	-	-	-	-	-	-
Total	123.63	24.78	16.25	13.27	1.80	27.13	206.87

Note 31 : Fair value hierarchy

The management assessed that cash and cash equivalents, trade receivables, trade payables, short-term borrowings, bank overdrafts and other financial liabilities and other financial asset approximate their carrying amounts largely due to the short-term maturities of these instruments. Further, the difference between the carrying amount and fair value of loan from holding company, insurance claim receivable and sundry deposits is not significantly different in each of the year presented.

Break up of financial assets carried at amortised cost

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Trade receivables	552.58	763.55
Cash and cash equivalents	89.14	76.32
Other Bank balance	141.40	433.81
Other financial assets	46.84	39.98
Total financial assets carried at amortised cost	829.97	1,313.66

Break up of financial liabilities carried at amortised cost

Particulars	For the year ended	
	March 31, 2024	March 31, 2023
	₹	₹
Trade payables	149.66	206.87
Other financial liabilities	112.89	114.38
Total financial liabilities carried at amortised cost	262.55	321.25

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Note 32 : Financial risk management objectives and policies

The Company through its operations is exposed to interest risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The senior management reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk – Interest rates

No interest rate hedging instruments were entered in the current year or the previous year. In respect of the cash credit facilities and working capital demand loan taken these facilities are taken for a short term and hence potential interest rate fluctuation would have an insignificant effect.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade receivables

Customer credit risk is managed by the Company's established policy. To minimise the risk from the counter parties the company enters into financials transaction with counter parties who are major names in the industry.

A significant risk in respect of receivables is related to the default risk and credit risk. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are Companyed into homogenous Companies and assessed for impairment collectively. The calculation is based on historical data. The Company does not hold collateral as security.

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. Trade receivables concentration of credit risk with respect to trade receivables are limited, due to the Company's customer base being large and diverse. The Company's historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets.

The following table provides information about ageing of gross carrying amount of trade receivable as at March 31, 2024.

Particulars	Unbilled Revenue	Not due	Less than 6 Months	6 months - 1 year	1-2 Years	2-3 Years	More than 3 years	March 31, 2023

Balance as at April 01	-	233.82
Amounts written off (Net)	308.68	(45.19)
Net re-measurement of loss allowances	(60.01)	120.06
Closing Balance as at March 31	57.00	308.68

Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit, working capital demand loan and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2024.

Particulars	Within 12 months	1 to 5 years	Total
Borrowings	-	-	-
Trade and other payables	149.66	-	149.66
Other financial liabilities	106.76	-	106.76
Total	256.42	-	256.42

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2023.

Particulars	Within 12 months	1 to 5 years	Total
Borrowings	106.79	-	106.79
Trade and other payables	206.87	-	206.87
Other financial liabilities	114.38	-	114.38
Total	428.04	-	428.04

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves. Thus, as at March 31, 2024, the capital employed by the Company is ₹ 1453.10 million (March 31, 2023: ₹ 1570.50 million). The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the return capital to shareholders or issue new shares. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year or previous year.

Note 34 : Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was notified on 28 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard supersedes all current revenue recognition requirements under Ind AS.

Revenue for services

The Company applies practical expedient in paragraph 121 of IND AS 115 for all contract entered for revenue from services, whereby it has right to receive consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date. Hence the Company does not disclose information of remaining performance obligation of such contracts.

Changes in accounting policies

The company has consistently applied the accounting policies to all years presented in these standalone financial Statement. The Company has adopted Ind AS 115 revenue from Contracts with customers ("Ind AS 115") with a date of initial application of 1 April 2018. However, there is no significant change on application of Ind AS 115.

Disaggregation of revenue from contract with customers

Revenue from contracts with customers is disaggregated by primary business units. Disaggregated revenue as per Company's Business unit is given in the note 16

Reconciliation of revenue recognised with contracted price

Particulars	March 31, 2024	March 31, 2023
Contracted Price	2,200.20	2,242.21
Reduction (Rebate/discount)	(17.43)	(25.02)
Revenue recognised as per the statement of profit and loss	2,182.78	2,217.20

Securitrans India Private Limited

Note 35 : Disclosure required under Rule 11(e) of the Companies Rules, 2014
